GALEON 520 FLY

REF: GN520FLYXX5

Whether you like to race around in open water at 50 mph or raft up on a lazy Sunday afternoon, the Galeon 375 GTO is the boat for you. This sleek, sporty, and versatile cruiser can do anything you ask of her. And she can do it with plenty of room to spare for your favorite people, thanks to a spacious lounge in her bow, a cockpit equipped with Galeon's famous Beach Mode expandable decks, and highly comfortable accommodations. The sky is truly the limit when it comes to the 375 GTO.

The Galeon 520 FLY builds upon one of Galeon's bestselling flybridge platforms, refining and evolving a proven concept into a new-generation luxury yacht. Positioned at the core of the Flybridge range, the 520 FLY is designed for owners who value spacious living areas, intelligent layout solutions, and a sophisticated onboard atmosphere. By combining the trusted foundations of a market-proven model with improved ergonomics, updated design, and forward-thinking engineering, the 520 FLY delivers a well-balanced yacht ideal for both private cruising and entertaining. It confidently sets a new benchmark in the competitive 50–55 ft flybridge yacht segment.

The exterior design of the Galeon 520 FLY yacht retains the successful proportions of its bestselling predecessor while introducing a cleaner, more contemporary aesthetic. Strong glazing and balanced lines enhance the modern profile while maximizing interior volume and natural light. The generous flybridge is designed as a primary social zone, arranged around a large, comfortable sofa that encourages relaxation, dining, and uninterrupted sea views. Whether entertaining guests or enjoying quiet moments at anchor, the flybridge offers exceptional comfort and usability. On the main deck, the open-plan galley and dining area form a cohesive living space with excellent flow between interior and exterior areas. Large windows strengthen the connection to the surrounding environment, ensuring a bright, open feel throughout the day.

The interior of the Galeon 520 FLY is available with the dedicated designer choice interior version or in Mediterranean interior package, developed in collaboration with Insitu & Partners and inspired by the relaxed elegance and natural tones of the Mediterranean lifestyle.

This package offers five refined color schemes, each designed to create a distinct onboard atmosphere while maintaining a cohesive, contemporary design language: Ivory, Pearl, Ocean, Amber & Terra. Across all color options, high-gloss lacquered surfaces are paired with refined detailing, premium fabrics, and carefully integrated lighting. The result is an interior that feels both modern and welcoming, showcasing Galeon's renowned craftsmanship and attention to finish.

Below deck, the 520 FLY offers accommodation for up to six guests in a well-balanced three-cabin layout. The full-beam master suite features a private entrance and ensuite bathroom, delivering true owner-level privacy. A forward VIP cabin provides generous space and natural light, while the third guest cabin includes a sliding bed system, allowing flexible configuration as a double or twin.

Two well-appointed bathrooms serve the guest areas, with an optional skipper's cabin available for owners seeking additional independence during longer cruises. Excellent headroom, abundant storage, and a calm, residential atmosphere make the Galeon 520 FLY ideally suited for extended cruising.
